

CONDOLENCES FOR THE LATE JORDAN GAMA
WITH SYMPATHY!

To the Family of the late Jordan Gama

The African Union (AU)-Continental Steering Committee (CSC) of the Ecological Organic Agriculture Initiative (EOA-I) for Africa is deeply saddened by the death of a member of both its Sub-Committee and Main-committee, the President of the African Organic Network (AfrONet), Executive Director of Tanzania Organic Agriculture Network (TOAM), an international personality, colleague, friend, father and husband, Mr. Jordan Gama. Jordan has left us too soon!

The hearts of all the CSC members of the Ecological Organic Agriculture Initiative go out in sorrow with the family of their colleague and friend, Jordan and are sharing in your sorrow and grief with love and friendship. The history of the EOA Initiative can never be complete without you. You were part of it from the very beginning, the great work that started on a serious note in May 2011 in Thika, a small town outside the City of Nairobi. Your efforts to make the African Organic Network (AfrONet) strong, reputable and support the development of the organic sector

with a focus on supporting bio trade Africa were steadily being noted. You were beginning to bring together partners from across the five political regions of our continent. You were doing this with passion and zeal and winning friends and supporters. We remember very well during our last 12th CSC meeting in Accra, Ghana in 2019 you were not with us as you were on another important mission to Morocco, in your efforts to bring Northern African into the EOA Initiative. This is one of those selfless actions by you, dear brother and colleague Jordan. Your early departure from us is a huge blow to this great vision. No words can describe the great loss for all of us.

Tanzania, Jordan's beautiful home country, the Ecological Organic Agriculture Initiative fraternity and the entire world has lost an astute champion and advocate of organic farming who was truly the face of AfrONet from its inception. Jordan will be greatly missed but his legacy will always follow him as he has his history already written.

May the Almighty God rest his Soul in Eternal Peace.

Rest in Peace, Mr. President (As we all would call you).

With deep sympathy and respect,

Simplice Nouala Fonkou

Dr. Simplicie Nouala Fonkou

Chair of the CSC of the EOA-I

Head of Division, Agriculture and Food Security at the Department of Rural Economy and Agriculture (DREA) of the African Union Commission, Addis Ababa
